

NO-CALL LISTS. I would ask the Federal Government NOT to weaken the Indiana no-call list. Indiana has the tightest law in the country and I don't want it weakened in any way. I am requesting to allow the existing state law to stand as it is. I would ask that only religious and political groups as well as newspapers and insurance companies to do telemarketing even when homes are on the no-call list. I do not want the federal law to include any other companies especially credit card and long distance companies. If I need a service or product, I will call the company that I choose to do business with; instead of receiving irritating phone calls for services I do not want or need. I feel that MOST long distance companies are the worst as they have proven to be dishonest and SLAM customer. I enjoy my freedom from telemarketer and wish the law to stand as is. Thank you for your time.
